(b) Addition of the "Krumhardt Residence" (16260 10 Avenue) to Surrey's Heritage Register
File: 6800-10

Note: See Correspondence E1 - E10 in relation to this agenda item.

Procedural note: Bert Hol declared a conflict of interest and exited the meeting at 5:07 p.m.

Staff summarized the report dated January 9, 2018, regarding the proposed addition of the "Krumhardt Residence" located at 16260 10 Avenue to Surrey's Heritage Register.

In response to questions from the Commission, staff provided the following information:

- The applicant has not expressed an interest in relocating the house.

The Commission noted the following comments:

- While it would be difficult to determine the validity of the statement that the home contains beams made from the White Rock Pier, the Commission has supported retaining heritage homes with similar, unsubstantiated claims in the past.
- A property should not be discounted strictly due to its age. A commonly accepted definition of heritage is properties that are 20 years or older.
- The house has many unique features that merit it to be placed on the Heritage Register.

- The house was constructed prior to the implementation of the stream setback requirements. It was suggested that if the house was not in its present location near the creek, there would not be opposition to the proposal. Much of the correspondence received in opposition to the project focuses on the proposal's potential impact on the creek.
- While there were numerous pieces of correspondence in opposition to retaining the house, there was also correspondence received in favor of retaining the house.
- The heritage assessment was created by a Heritage Professional (Donald Luxton). It is not clear what heritage credentials the residents writing in opposition to the proposal have. The Commission must, therefore, defer to the expert.

It was Moved by Commissioner Priddy
 Seconded by Commissioner Tannen
 That the Surrey Heritage Advisory
 Commission (SHAC):

1. Receive the report dated January 9, 2018 for information.
2. Review the attached Heritage Evaluation Worksheet prepared by Donald Luxton & Associates Inc. for the house located at 16260 10th Avenue.
3. Recommend to Council that the Krumhardt Residence (16260 10 Avenue) be added to Surrey's Heritage Register.
Carried
 With Commissioner Plug opposed.

Procedural note: Bert Hol re-entered the meeting at 5:28 p.m.

(c) **House at 9274 125 Street - Flagging of Potential Heritage Resource**
 File: 6800-01

Staff summarized the report dated January 4, 2018, regarding the flagging of a potential heritage resource located at 9274 125th Street.

In response to questions from the Commission, staff provided the following information:

- It is not common for a member of the community to nominate a house that is not their own to be on the Heritage Inventory. Should the Commission recommend putting the home on the Heritage Inventory, the owner

would not be notified, as the Inventory is a holding list of properties with potential heritage value that need to be evaluated.

- The original heritage worksheet is from 1987, and was stored in the Archives.
- It is not anticipated that the property has enough development potential for staff to offer any Heritage Revitalization Agreement (HRA) incentives.
- The Heritage Advisory Commission recently completed a review of the Heritage Inventory, and removed properties that did not have enough heritage value to warrant remaining on the list.

The Commission noted that the house appears to be in very poor condition, is not a landmark property and does not appear to maintain its heritage value or significance. The condition of the house appears to have deteriorated significantly since it was originally reviewed in 1987.

It was Moved by Commissioner Hol
Seconded by Commissioner Tannen
That the Surrey Heritage Advisory
Commission (SHAC):

1. Receive the report dated January 4, 2018 for information.
2. Recommend to staff that the house located at 6274 125th Street not be added to Surrey's Heritage Inventory.
Carried
With Commissioners Evans and Priddy opposed.

File: 6800-10

Staff summarized the report dated January 2, 2018, regarding a proposed Heritage Revitalization Agreement (HRA) for the Lambert Residence located at 16544 10th Avenue.

The Commission noted that the house is in pristine condition and thanked staff for their hard work on the application.

It was Moved by Commissioner Evans

File: 6880-60

Staff summarized the report dated January 11, 2018, regarding a proposed subdivision application that has been received for 2918 Semiahmoo Trail.

Staff are currently determining the legal process with respect to relocating Old Anniedale School and the 1881 Town Hall. The 1881 Town Hall will have its existing designation by-law repealed, will apply for a Heritage Alteration Permit (HAP), and a heritage revitalization agreement (HRA). Old Anniedale School will have its designation by-law amended to reflect the new location of the School, and will apply for an HAP, and HRA.

Staff advised that it is anticipated that a Heritage Alteration Permit (HAP) should be completed in the next few weeks.

F. INFORMATION ITEMS

1. Heritage Signs

Councillor Woods, Chair, advised that there is a historical district located near Edmonton. In the historical district, there is a building with a steel structure that heritage neon signs are attached to. Councillor Woods suggested that a similar structure could be implemented in Surrey, and that there are heritage signs in Surrey that could merit retention, such as the Flamingo and the Turf. It was suggested that Commission members could tour the city and note possible heritage signs.

In response to questions from the Commission, staff advised that signs with potential heritage value could be added to the Heritage Inventory to notify staff if a development application is received for the property. In addition, staff advised that heritage signs could enter into the museum's collection, if they have enough heritage value.

The Commission noted the following comments:

- Vancouver has implemented a similar program, and showcased signs indoors. It could be interesting to display the signs lit and outdoors.
- There may be residents who have heritage signs as part of their personal collection. An advertisement or newspaper article could be placed requesting information regarding potential heritage signs.

- Heritage signs could be considered as public art, and could be implemented in a public square.

2. **Surrey: A City of Stories Update**

Commissioner Priddy advised that Charan Sethi, Tien Sher, recently purchased 150 copies of *Surrey: A City of Stories* as welcoming gifts for residents of his new development in Surrey.

Staff advised that 2000 of 3000 books printed have been sold.

The Commission requested that staff draft a letter to the Real Estate Board of the Fraser Valley advising that the book is available for purchase, and would be an ideal gift to new Surrey property owners.
