RECOMMENDATION SUMMARY

- By-law Introduction and set date for Public Hearing for Rezoning

DEVIATION FROM PLANS, POLICIES OR REGULATIONS

- None

RATIONALE OF RECOMMENDATION

- At this time, there are limited commercial businesses in South Westminster which can support the growing industrial development.
- This proposed development may trigger further business development in the area in accordance with the NCP.
- The area proposed for commercial uses is not expanding from the current zoning but is being redistributed.

RECOMMENDATION

The Planning & Development Department recommends that a By-law be introduced to rezone the subject site from "Comprehensive Development Zone (CD)" (By-law No. 16736 as amended by By-law No. 17331) to "Comprehensive Development Zone (CD)" (By-law No. 12000) and a date be set for Public Hearing.

REFERRALS

Engineering: The Engineering Department has no objection to the project.

DEVELOPMENT CONSIDERATIONSBackground

- The proposal is comprised of 7 lots, totalling 20.28 hectares (50 acres), located around the intersection of 103A Avenue and Grace Road. It is designated Industrial in the Official Community Plan (OCP), designated Light Impact Industrial in the South Westminster Neighbourhood Concept Plan (NCP) and is currently zoned "Comprehensive Development Zone (CD)" (By-law No. 16736 as amended by By-law No. 17331).

- The site is owned by Pacific Link Industrial Park Ltd. (Wesgroup). It was originally rezoned in 2008 under Development Application No. 7907-0221-00 to "Comprehensive Development Zone (CD)" (CD By-law No. 16736) to permit the development of a mixed-use business park with supporting commercial uses, and is called Pacific Link Business Park.
- Since the creation of the Comprehensive Development Zone, three of the properties have been developed:
 - 10281 - Grace Road – two multi-tenant buildings with Pacific coast Express trucking, Helly Hanson, Geep Alberta and Valley Roadways;
 - Portion of 10355 - Grace Road for Lordco, Burger King and Quizno's Subs; and
 - 10288 - Grace Road for Fed Ex.
- The property located at 11897 - 103A Avenue is also under Development Application No. 7913-0104-00 for a Development Permit to regulate the form and character of an industrial building which will be located on the north portion of the site. This application will be considered by Council at the July 8, 2013 Regular Council – Land Use meeting.
- With the development application (No. 7910-0249-00) for Lordco (10377 – 120 Street), Comprehensive Development Zone No. 16736 was amended by By-law No. 17331 to allow for one business in Block A to be 1,858 square metres (20,000 sq. ft.) in floor area.

Current Proposal:

- The property at 10288 Grace Road, where Fed Ex is currently operating was previously comprised of five lots. These five lots were permitted limited retail uses in addition to the industrial uses along the Scott Road/Grace Road and 103A Avenue road frontages, as defined for the area labelled "B1" in the survey plan attached to the CD By-law as Schedule A.
- The area labelled B1 in the survey plan comprised an area of approximately 3.38 hectares (8.3 acres). The Fed Ex development consolidated the five lots for the single user of the lands. This effectively removed any potential for additional commercial development on this property.
- The applicant has therefore requested an amendment to the zoning to reallocate the commercial uses that were permitted on the Fed Ex lands to other properties within the Pacific Link Business Park.
- The new proposed commercial area proposed as blocks C1 and D1 in the survey plan attached to the proposed CD By-law comprises an area of 5.736 hectare (14.71 acres). The applicant advises that the depth of these new proposed commercial blocks are deeper than the previous commercial blocks, and therefore, the area has increased slightly from 3.38 hectares (8.3 acres) to 5.736 hectares (14.17 acres).

Proposed CD By-law

- Rather than further amending the current CD By-law to reflect the requested change to reallocate the commercial uses, a new CD By-law has been drafted (Appendix III).

- The Blocks identified as C₁ and D₁ are similar to the previously approved "B₁" as these blocks allow for light impact industrial uses, but also propose to have some additional retail space, provided that the gross floor area of the individual businesses do not exceed 929 square metres (10,000 sq. ft.).
- The inclusion of these additional commercial blocks will not deter the lands from developing as outright industrial uses, similar to the Fed Ex lands.
- All other uses as previously approved in the CD By-law No. 16736 as amended by By-law No. 17331 have been incorporated into the new CD By-law.
